Juli Mann
Senior Regulatory Analyst
Authorized Agent for Insect Shield, LLC
Steptoe and Johnson LLP
1330 Connecticut Avenue NW
Washington, DC 20036-1795

Subject: Label Amendment – Addition of use sites
Product Name: INSECT SHIELD REPELLENT GEAR
EPA Registration Number: 74843-5
Application Date: 03/14/2016
Decision Number: 515180

Dear Ms. Mann:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. “To distribute or sell” is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance

MASTER LABEL

INSECT SHIELD REPELLENT GEAR [optional wording identifying gear brand or style]

Not to Scale

This item has been treated with permethrin insect repellent.

Repels mosquitoes, ticks, fleas, and flies.

Repellency to mosquitoes remains effective for 6 months of exposure to weathering for non-washable items: tents, tarps, awnings, patio umbrella covers, kennel covers, stall covers.

Repellency remains effective for 25 washings for washable items: sleeping bag covers, backpacks, camping sheets, furniture covers, outdoor furniture cushion covers, floor mats, netting, blankets, travel sheets, ground cloths, beach towels, table cloths, place mats, curtains, horse blankets, pet bedding.

ACTIVE INGREDIENT:

Permethrin0.52%

OTHER INGREDIENTS: (Gear)99.48%

TOTAL:100.00%

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not dry clean. Do not re-treat gear with other permethrin insect-repellent products. Wash separately from other items.

Do not use or recycle this product for purposes other than originally intended.

For protection of exposed skin, use in conjunction with an insect repellent registered for direct application to skin.

Storage and Disposal: Do not contaminate water, food or feed by storage or disposal.

Disposal: Discard in trash when gear is worn out.
